

Dear Madam, Dear Sir,

I wished personally inform you that as part of its purchasing strategy, Mersen has taken the initiative to deploy a new purchasing information system.

This information system is now the backbone of management and development of business relationships with suppliers who wish to be part of the Mersen panel. This includes:

- ✓ Request for information and request for quotations for goods and services that Mersen purchasing teams must supply to match the needs expressed by their internal clients and stakeholders.
- ✓ Evaluation and continuous improvement of supplier performance as a positive contributor to the high demands of quality, competitiveness, delivery time, innovation, social and environmental responsibility requested by Mersen and its customers.

As the current or future key partner of Mersen, we would be grateful to register the profile of your company by logging to the Mersen supplier portal and of which secured web address is shown here below.

The Mersen Purchasing Community is delighted to expand its Business with the support of your company.

Should you have any question, please do not hesitate to contact the Buyer or the Purchasing Manager within Mersen in charge of your account.

Kind Regards

Charles-Henri VOLLET  
Group VP, Purchasing and Information Systems  
Executive Committee Member
